

SAY “NO” TO ENDLESS ADD-ONS

Does it feel like you need to be a financial whiz to understand your **ADP** bill? Netchex offers simple, transparent pricing for benefits, HR, payroll, and more.

NETCHEX IS HERE WHEN THOSE ADD-ONS, ADD-UP.

For a business with 25 employees running bi-weekly payroll, ADP can cost up to **\$4,000** per year.* Run payroll more than 2x a month? That’s going to cost extra, because ADP charges per payroll run and not per employee. Netchex offers 4 easy-to-understand packages, priced per-employee-per-month, and gives clients the option to create their own mix of solutions guided by an expert.
