

ABOUT

Rock GP Inc is the Southwest region's leading supplier of natural stone and masonry supplies. With over 50 years of combined industry expertise, Rock GP Inc is built upon exceptional service and superior quality.

NEEDS

As an HR department of one, Jean Paylow needed a system that could more than just store accounting information. She was looking for a single-source solution with an easy-to-use employee self-service feature that was powerful enough to manage the entire HR lifecycle of over 100 employees across multiple locations.

NETCHEX SOLUTIONS

Through our integrated solution, Rock GP Inc was able to unite payroll, time & attendance, recruiting, onboarding, benefits administration, and other HR functions into just one system. Thanks to employee self-service and automatic timecard management, managers have more time to focus on the company's priorities.

HIGHLIGHTS

Employee Self-Service - Empowered employees to manage their own employee experience

Time & Attendance - Greater consistency in how hours are collected and reported

Benefits Administration - Easier to collect benefits deductions and reconcile provider statements

“Netchex is much more user-friendly and the resources are fantastic.”
